- wide range **warehousing**
solutions under one roof

Inbound

Inhouse/Upstream

Outbound

After-Sales

With DB Schenker's automated value based warehousing solution; the warehouse of the future can be yours today

Benefit from our many years of experience

Reduce your logistics costs

A balanced supply chain is not just a concept, it is a formula to make your company more intelligent and maximize your organization's goals.

DB Schenker offer companies individual and flexible logistics solutions based on our many years of transport experience. We offer you comprehensive and exclusive supply chain management solutions.

Our strategy

We offer what you need – simply and quickly. DB Schenker uses a structured method that increases efficiency, reduces costs, and protects your basic supply chain. At the same time this strategy can be quickly adjusted individually. Our balanced approach offers you the opportunity to restructure your supply chain with an eye on achieving the greatest possible productivity.

Your advantage

We'll develop a plan that involves our own multi-modal, global modes of transport with access to Europe's biggest land transport network and a leading global air and ocean freight system. In order to assure you the optimal price/value ratio we will, if needed, work together with other providers. Our goal is to create a network that is not only faster – it provides you with exactly what you need, when you need it.

In the UK DB Schenker has dedicated logistics facilities in all parts of the country performing all elements of the supply chain.

DB Schenker is the right partner for you to secure the flow of materials to ensure uninterrupted production, reduce your inventories and improve your return on assets.

Logistics Services at a glance:

- Procurement logistics
- Supply production logistics
- Finished goods distribution
- After sales & logistics solutions
- Supply chain logistics

No matter if you do business across Europe, across the country or across town; or you're a global player or plan to be one; if you want to outsource all or just part of your logistics activities...

DB Schenker is the right partner for you.

Heathrow **Logistics Centre**

With our Heathrow Logistics Centre conveniently located with easy access to both the M25 and the M4 motorways, it is a perfect location to support any customers in London and the South East.

With our team of logistics experts we would be able to offer you a turn-key operation to suit your business needs, and would be able to get your automated warehouse up and running with leading state-of-the-art technology.

Imagine what that would mean to your supply chain.
