Land Operations

Efficient transportation is the prerequisite to conducting your business successfully. DB Schenker is the leading European logistics services provider for scheduled groupage services, part load and full truck load transportation. DB Schenker's dense land operations network spans across Europe operating in more than 700 locations in over 30 countries.

Logistics

As a global integrated logistics service provider, DB Schenker offers genuine one-stop logistics solutions. DB Schenker not only provides land, air and sea transportation services but also handles an increasingly wide range of logistics tasks for its customers.

Having analysed their process chains and reorganised their operations, many companies can pinpoint the parts of the supply chain they want to outsource to a logistics service provider.

As an integrated logistics service provider DB Schenker knows from experience which parts of the supply chain need to be outsourced by the customer to boost performance and maximize cost efficiency.

Ocean Freight

We are recognised leaders in ocean shipping. We uniquely combine local know-how and unrivalled personal customer service with global reach, global strength and global expertise. Ocean transport is a vital part of the world economy, and global relations need global standards. This is why DB Schenker has defined new products and services for global ocean freight.

Air Freight

Your way to the world markets - perfection born from experience. A pioneer in the air freight industry, we are a market leader in the provision of innovative air freight solutions. As our customer, you benefit from the complete spectrum of progressive high-quality services.

Special Solutions

Our special solutions for special requirements enable us to handle even our customers' out-of-the-ordinary projects - safely, quickly and reliably - whether it is a matter of shipping works of art, event management, trade fairs or a private house move.
